Introducing our new slimmer profile windows

Preview our improved styling and renaming of our Ultra and Performance ranges, offering industry-leading insulation values
GBS-78 Formerly named Performance

Flush casement window options
outward opening, top or side hung

GBS-78 is the new name for our cost-effective replacement windows suitable for retrofits and low energy newbuild projects. With FSC® certified timber, low U values and a choice of designs and styles, this range will enhance your project at a competitive price. 78 refers to the depth of the window frame.

Tilt and turn window options
inward opening

GBS-98 has very low U values suitable for Ultra-low energy builds including Passivhaus and EnerPHit projects. Still offering FSC® certified timber this frame delivers the triple glazing technology for the most demanding energy efficiency projects. 98 refers to the increased depth of the window frame.

GBS-98 Formerly named Ultra

Flush casement window options
outward opening, top or side hung

GBS-98 has very low U values suitable for Ultra-low energy builds including Passivhaus and EnerPHit projects. Still offering FSC® certified timber this frame delivers the triple glazing technology for the most demanding energy efficiency projects. 98 refers to the increased depth of the window frame.

Glazing & U values
Whole window U:\ 0.85 W/m²K Redwood
Glazing U value: Ug: 0.58 W/m²K
Triple unit: Argon fill 44 mm
Light transmission value: 74.1%
In detail

Our new slimmer profile range offers contemporary styling whilst maintaining all of our current outstanding thermal performance, airtightness and security standards.

- **Low U values**
  Argon filled triple glazing as standard for comfort and great thermal performance

- **Airtightness**
  Dual compression seals ensuring long-term class 4 airtightness

- **High security**
  Multipoint locking tested to Secure By Design standard

Fitting service

The correct installation of windows and doors is essential to ensure their optimal performance. We recommend Green Building Store’s own in-house FENSA-accredited fitting service, which is available for most areas of the UK.

Tailor made quotes

For a quote please submit plans or measurements to our email address complete with your contact number in case of queries and one of our team will come back to you.

Alu-clad versions coming soon

Launching later this year will be our Alu-clad versions of both the inward and outward opening windows with our bespoke Aluminium design. GBS-78A (formerly named Performance Alu-clad) and GBS-98A (formerly known as Ultra Alu-clad) will also include the dual compression seals.
